

EAZICLEAN HOT MITT

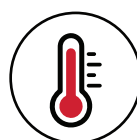

45CM SILICONE PAIR / SINGLE | ONE SIZE

Product codes: Pair: 12670-05 / Single: 12670-06

SINGLE MITT
available on request

The Eaziclean Hot Mitt has been created to protect kitchen professionals from heat, hot water and grease. The silicone mitt is fully CE certified and offers a high level of dexterity and comfort, including a 100% polycotton inner lining for the ultimate protection to both the front and back of hands. The 45cm gauntlet style sleeve adds an important forearm safety feature to the mitt when reaching into the deepest ovens. With Eaziclean technology it's as simple as washing your hands to keep these mitts looking brand new!

Up to 250°
protection

Eaziclean silicone

Risks not mentioned on this sheet are not covered.

Storage

Store in a clean, dry environment away from sunlight.

Cleaning - Eaziclean technology:

- Hand wash only - see care instructions inside of mitt.
- Silicone can be washed with warm water and a mild soap to wash off daily build-up of grime.

Maintenance:

Product should be considered no longer effective and should be removed from service and disposed of effectively when the following occur: -

- Seams begin to come apart
- Fabric/silicone tears or are pierced
- You feel heat transfer unusually soon after contacting hot item

Warning:

- These gloves/mitts are not for prolonged use and the overall classification does not necessarily reflect the performance of the outer layer.

This product does not contain any known substances that may affect the hygiene or health of the user.

Tested in accordance with Level 2 (up to 250°C) for contact heat in accordance with EN407:2020.
