

BONZER[®] CAN OPENERS

THE **WORKHORSE** OF
THE KITCHEN

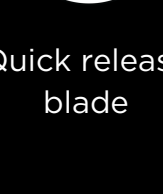

The Bonzer Can Opener, often referred to affectionately as "The Bonzer" is renowned for its smooth, effortless operation. Opening even the largest catering cans is simple, hygienic and safe. All Bonzer products are made by our own Bonzer technicians in our East Sussex, UK factory and most are sold with a lifetime warranty.

WHY CHOOSE BONZER

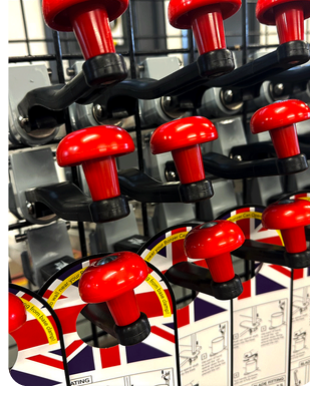

LIFETIME WARRANTY

We believe our can openers are unmatched, we take the upmost care to ensure they won't let you down.

The introduction of the lifetime warranty demonstrates our confidence in the product and shows our commitment to excellence!

Our own Bonzer technicians manufacture Bonzer Can Opener in our Uckfield factory so have full control of the process and quality. Parts procured from UK suppliers make the Bonzer Can Openers a sustainable solution.

MADE IN THE UK

QUICK, FAST, RELIABLE

With a range of 5 models, the Bonzer Can Opener offers a solution for every volume of use. If you're opening cans all day you want the most efficient opener. For this, we'd recommend a 40mm wheel which open the cans twice as fast as a standard benchtop can opener.

Don't get caught out! Environmental health officers love to check a can opener. With our Eaziclean technology included in every model, they can be easily disassembled, placed in the dishwasher and kept sparkling. ✨

EAZICLEAN TECHNOLOGY

QUICK RELEASE BLADE

The easy-to-remove blade carrier sets our can openers apart from the competition. (Available on EZ20, EZ60 & Titan models) Simply rock the handle back and the blade carrier is released for easy cleaning between uses. Often targeted by health and safety a clean blade is essential for maintaining food hygiene standards.

SPARES AVAILABLE

We offer a full array of spares for each can opener. Wheels and blades need replacing and will gradually wear with use. We've made it quick and easy to replace the blade and wheel so your Can Opener can work as well as the day you bought it.

CLEAN, EFFICIENT
CUTS **EVERYTIME**

THE RANGE

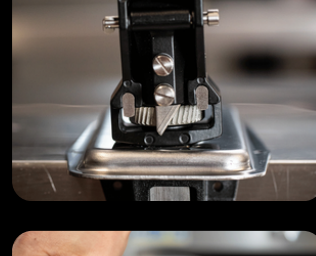

"It's essential to specify the right tool for the job and that includes can openers!"

The **CLASSIC R**
The entry level can opener that has been copied by many. Designed with price in mind it offers a quality tool but has minimal features.
Cafes & Small Restaurants

The **EZ-20**
A huge step up in performance with the more durable stainless steel blade and quick-release blade carrier for easy cleaning. Simply pull back the handle to release.
Restaurants & Takeaways

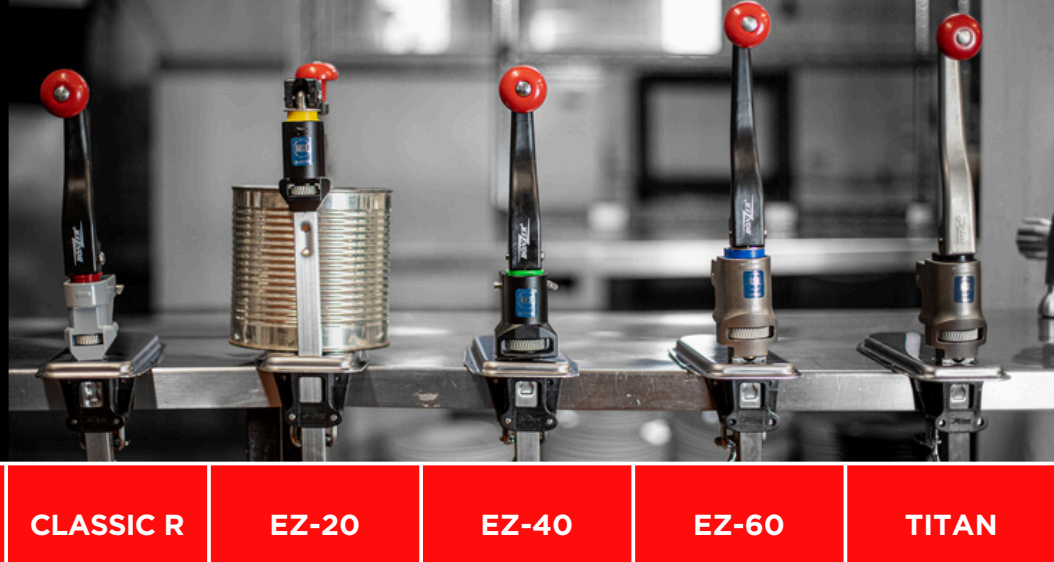

The **EZ-40**
The first of the big wheel (40mm) can openers. The larger wheel spins the cans quicker for faster opening, it handles larger cans and offers improved durability.
Hotels and Care Homes

The **EZ-60**
Advantages of a large wheel with a quick-release blade for easy cleaning, long handle for extra user comfort, and stainless steel body for easy dishwashing.
Schools & Prisons

The **TITAN**
The ultimate can opener is built to withstand hour upon hour of tin opening. All the advantages of the EZ-60 but with a stainless steel handle.
Hospitals & Mass Catering
