

The Bonzer Dispenser range offers solutions to keep cups, lids and condiments neat, hygienic and tidy.

Best sellers include the cup and lid dispensers that can be mounted in counters and coffee units which are expertly designed to release only one cup or lid at a time. This makes them ideal for self-service environments.

## WHY CHOOSE BONZER

### COMPLETE RANGE OF SIZES

From espresso cups to XXL cinema cups we can accommodate for all cup and lid sizes. If in doubt send us a cup to check.

Our own Bonzer technicians manufacture the Bonzer Dispensers in our Uckfield factory so have full control of the process and quality. Parts are procured from UK suppliers ensuring the Bonzer Dispensers remain a sustainable solution.

### MADE IN THE UK

### GET ORGANISED & STAY TIDY

A simple solution to keep cups and lids tidy. Bonzer Cup Dispensers can be mounted in existing counter tops to provide a verticle mounting or into the back bar at a horizontal angle. Ideal for both cafes and self serve coffee towers. Our solutions keep cups tidy and hygienic.

Our unique silicone gaskets can easily be replaced or changed if cup sizes get altered. Simply twist the stainless steel surround and release.

### EASY FIT GASKETS

### BESPOKE SOLUTIONS

Often space is at a premium in cafes and self service environments so we can provide solutions to fit even the tightest situation. Just get in touch, to discuss your requirements with our designers.

### ACCESSORIES RANGE

We also offer a range of accessories for dispensing and coffee stations. Countertop options, condiment displays, straw holders and waste shoots are all available.

## OPTIONS:

### STAINLESS STEEL OR PLASTIC TUBE

Choose between the high quality stainless steel tube that is known for durability and hygiene or the more economic plastic option that remains a solid choice for most applications.

### TUBE LENGTH 450 OR 600MM

We offer two standard lengths of tube. 450mm is great when space is tight. The 600mm length offers extra cup capacity.

### GASKET SIZE DIAMETER

Choose the gasket size when ordering. Download the size guide from the website or send us a cup to test before despatch. Espresso 62mm to XXXL 115mm cup diameters.
