EZ20 CAN OPENER

25MM WHEEL - 16/25 INCH SHAFT

Item Code: 10080-01/10080-02

The Bonzer® EZ20 is a step up from the Bonzer® Classic R, having a stainless steel blade heightening it's performance. It smoothly opens up to 20 cans a day, boasting durability and ergonomic design for comfortable use. A reliable addition for any restaurant and takeaway kitchen which includes a lifetime guarantee.

FEATURES AND BENEFITS

Eaziclean Removable Blade

The easy-to-remove blade carrier sets this can opener apart from the competition. Often targeted by the EHO, a clean blade is essential for maintaining food hygiene standards.

Clean Cut

The blade of a Bonzer Can Opener isn't sharp – therefore, it produces a clean, safe cut in which you can run your finger around without fear of slicing. This has the added benefit of releasing no metal swarf which could end up in the food.

Easy Maintenance & Spares

We offer a full array of spares for each can opener. Wheels and blades need replacing and will gradually wear with use. We've made it quick and easy to replace the blade and wheel so your can opener can work as well as the day you bought it.

Simply pull the handle to
release blade!
