EZ40 CAN OPENER

40MM WHEEL - 16/25 INCH SHAFT

Item Code: 10081-01/10081-03

Suited for busier kitchens, the Bonzer® EZ40 is the first can opener with a larger 40mm wheel in the range, making it ideal for larger kitchens such as hotels and care homes, opening up to 40 cans per day. It handles larger cans and offers improved durability, opening cans comfortably and fast saving both time and money. Whilst including a lifetime guarantee.

FEATURES AND BENEFITS

Eaziclean Removable Blade - Quick Release Pin

The quick release pin allows for easy set up and replacement of blades. Often targeted by the EHO, the eaziclean blade is essential for maintaining food hygiene standards.

Clean Cut

The blade of a Bonzer Can Opener isn't sharp - therefore, it produces a clean, safe cut in which you can run your finger around without fear of slicing. This has the added benefit of releasing no metal swarf which could end up in the food.

Easy Maintenance & Spares

We offer a full array of spares for each can opener. Wheels and blades need replacing and will gradually wear with use. We've made it quick and easy to replace the blade and wheel so your can opener can work as well as the day you bought it.
