

TITAN CAN OPENER

40MM WHEEL - 25 INCH SHAFT

Item Code: 12584-01

We believe our Bonzer® Titan stainless steel can opener is the best manual can opener on the market today. The Bonzer® Titan is ideal for large schools, hospitals, prisons, canteens, military applications and now includes lifetime+ warranty with a FREE yearly service.

FEATURES AND BENEFITS

The Best!

The hardest working can opener in the line-up. Full stainless steel construction is built to work hard! The larger 40mm wheel and longer handle ensures opening even the largest cans quick and easy for the user.

Eaziclean Removable Blade

The easy-to-remove blade carrier sets this can opener apart from the competition. Often targeted by health and safety a clean blade is essential for maintaining food hygiene standards.

Clean Cut

The blade of a Bonzer Can Opener isn't sharp - therefore, it produces a clean, safe cut in which you can run your finger around without fear of slicing. This has the added benefit of releasing no metal swarf which could end up in the food.

Easy Maintenance & Spares

We offer a full array of spares for each can opener. Wheels and blades need replacing and will gradually wear with use. We've made it quick and easy to replace the blade and wheel so your can opener can work as well as the day you bought it.

Simply pull the handle to
release blade!
